March 2010

Dear Colleague

Call for Posters

This year the BCVA are holding their Congress in Torquay at the Riviera International Conference Centre from 14th to 16th October 2010.

The programme will offer delegates a choice of sessions over the three days including several workshops. There will be UK and internationally renowned speakers presenting on such topics as welfare, disease & parasite control and reproduction. The popularity of the event will be bolstered with the involvement of a session on Saturday morning intended for new graduates. Lectures will be given in English.

There will be a poster display throughout congress and we are looking for contributors. The authors of the posters are asked to be present at the morning and afternoon refreshments breaks to answer questions/queries relating to their posters and to provide an abstract to be published in Cattle Practice, the BCVA journal. All posters and abstracts must be written in English. Authors of a selection of the approved posters will be asked to present their posters at congress on Saturday 16th.

If you would like to display a poster, please send a copy to the BCVA Office for approval by Friday 17th September 2009.

The poster and abstract specifications and guidelines are attached.

Yours sincerely

Kate Richards
Programme Secretary
